Discovered At 1 A.M.

When Aldinger arrived about 1 o'clock Sunday morning at the beer distributor's, he discovered the front door ajar and drawers of desks, etc., had been pulled open. He hurried to town to notify porough police.

The local officers, after a quick check to determine whether the burglars might still be in the building, called state police to make the investigation. Borough police said a broken window indicated the entrance method of the burglars, who apparently left the front door ajar when they left.

No money was kept in the building and it was believed that the burglars took nothing from among records through which they looked.

## 1ST SERVICES **ON SATURDAY** IN NEW CHURCH

Gettysburg's new Seventh-day Adventist Church at Hanover and 5th Sts. served as host to 1:30 members and friends at the church's formal opening Saturday.

The new structure with a seating capacity of 180 persons and facilities to accommodate the primary and junior divisions of the Sabbath School was formally opened to all Adventist services and is the first owned and operated Adventist edifice here.

The building, constructed at a cost of \$45,000, is 36 by 70 and located on a large lot that provides adequate parking facilities. The sanctuary is artistically designed and is accented by the new limed oak pews and pupit. It has radiant hot water heat and has one of the most modern lighting systems in the county.

First Big Move Observers said the bathyscaphe experiment is the Navy's first big move in developing deep-water submarines. Today's subs cannot operate much below 750 feet, yet 90 per cent of the ocean lies be yond that level.

On April 4 Piccard's son Jocques will arrive at the Navy Electronics Laboratory here to act as consultant in the Trieste's new

By April 10 the Trieste is exagain and three days later is scheduled to begin a two-month program of dives that will take it down to 4,00 feet. That's as 8:05-Local News - First Na- deep as nearby coastal waters go.

Seeks New Record Late this summer a mother ship newsroom by G. Henry will carry the Trieste to Hawaii for dives that will equal or better her old record of 12,000 feet.

The bathyscaphe is designed to carry two men, in a six-foot sphere suspended below a 50-footlong tank which bears a stubby resemblance to a conventional submarine

The steel tank, filled with gasoline, acts as a balloon to carry the sphere up and down. The tank walls are only one fifth of an inch thick-just strong enough to withstand rough waves at the surface. The gasoline, being 12:00-World News-R. W. Wentz lighter than water, gives the craft buoyancy.

## DO YOU HAVE ARTHRITIS?

Here is a message you will want to read

Your doctor can tell you there is absolutely no known cure for arthritis. Medical research specialists are now engaged in several projects which, it is felt, will ultimately help in finding a cure, but as yet none has been found. Naturally, we will live in hope they will be successful, but until that time we must be content to get the best relief possible.

Right now there is a fast, safe and effective relieving agent available called Pruvo. Pruvo's ingredients have been used in hospitals and clinics, prescribed by doctors, and have helped scores of men and women to lead happy and full lives. You can be sure nothing is faster, safer or has been proven more effective than Pruvo for temporary easing of a minor arthritic condition or its related diseases . . . rheumatism, neuritis, sciatica, lumbago and bursitis. And it's a wonderful for backache and every-day muscular aches and pains too. Try Pruvo today. Ask your druggist for a generous 75-tablet trial size bottle. You must be satisfied with the results or your purchase price will be refunded by the maker. There are larger, economy sizes also, for continued use. Peoples Drug Store, 26 York St., Gettysburg, Pa.
